

Learning bridge while in university I attended my first Regional in 1969.....I was hooked. Over the years I have been treasurer and president of the Regina Bridge Club, president of the South Saskatchewan Unit 573, Zone V representative and president of the Canadian Bridge Federation, and director at the Club, Sectional, and Regional level. After retiring from 30 years of teaching I became active in District 18 bridge. I have done tournament directing across Alberta, British Columbia and Saskatchewan. Presently, I am District 18 webmaster, District 18 tournament coordinator, and the representative for District 18 on the ACBL Board of Directors. One of my biggest joys is the opportunity I have to meet, play against, and work with the many volunteers all across our District.
