

Cathy Moore New ACBL Regional Master

Cathy spends 1/2 her year playing in Calgary and 1/2 her year playing in the North Okanagan (Vernon). Both locations offer supportive growth environments. In Calgary, she participated in a formal mentor program that was outstanding. Her mentor happened to be a teacher and she learned a ton from her. They've become friends and are off to the Penticton Regional next week. In Vernon Cathy has had a few experienced players support her as mentors. Vernon has offered a number of learning opportunities for less experienced players (rookie/Master games and mango tango learning events). She has tried to participate when she can. To a person in both locations...when I have had questions....the experienced players have coached me.

The best comment I can offer...Cathy and her husband spent their work life in Calgary. Their family and friends are in Calgary. They have transitioned much of their year to Vernon, BC. The duplicate bridge community in Vernon has really helped them settle in to the community.
